Los periodistas de CANARIAS7 Fran J. Fajardo y Lucía Álamo fueron entrevistando en ese especial a representantes institucionales y participantes en la prueba.

La jornada arrancó a las 8.00 horas con la apertura de servicios en la Fuente Lumi-

nosa, con espacios de guardarropa. A las 09.00 horas arrancó la carrera de 10 kilómetros, que se extendió hasta las 10.30 horas. En torno a las 10.30 horas arrancó una divertida sesión de calentamiento y zumba para preparar a los corredores del siguiente tramo, la carrera de 5 kilómetros, que empezó las 10.45 horas. La jornada continuó con la HPS Junior Race, pensada para los más jóvenes. El evento culminó con la entrega de premios en el escenario principal.

# Siete cámaras y lo último en tecnología con Videoreport Canarias para Canarias7.es

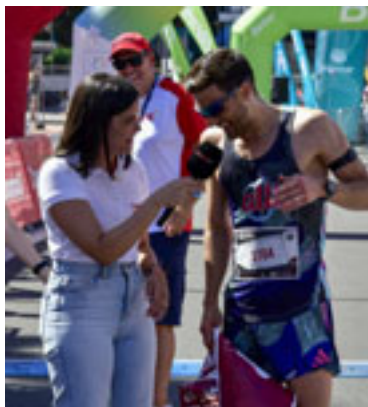

**CANARIAS7**  
LAS PALMAS DE GRAN CANARIA. En la novena edición de la CANARIAS7 Carrera de las Empresas, este periódico ofreció una cobertura sin precedentes de la

mano de Videoreport Canarias, productora encargada de la retransmisión en 'streaming' a través de la web de CANARIAS7 y sus redes sociales. La emisión comenzó a las 10.15 y se prolongó hasta las

11.30 horas, contando para ello con un total de siete cámaras, incluyendo dos móviles: una en moto, que siguió a la cabeza de carrera, y otra que fue llevada por un corredor entre los participantes.

Hubo además un set de entrevistas, con el periodista Francisco J. Fajardo ante las cámaras, por el que pasaron autoridades y deportistas, así como una innovadora cámara con realidad aumentada que permitió integrar en el entorno elementos en 3D como banderolas, un globo aerostático y fuegos artificiales, además de dar visibilidad a los distintos colaboradores del evento.

Un dron sobrevoló el recorrido para ofrecer espectaculares imágenes aéreas y, desde el terreno, la periodista de CANARIAS7 Lucía Álamo recogió las impresiones de las personas participantes y del público asistente. Todo un despliegue técnico y humano que hizo posible seguir la emoción de la carrera como nunca antes: en directo, desde cualquier dispositivo conectado.
